

## RESOURCE LIST: DUBLIN VENUES

Please find below a list of Dublin venues and performance sites that we know and love. This is not an exhaustive list and the city is changing all the time. Of course we love when you propose somewhere new as well, this is just a guide to help your thinking!

Please note that some of these spaces may not currently be accepting hires or may be hired by Fringe in September as a Fringe venue.

If you are interested in creating a piece of site-specific work, we are available to help you strategise and plan before you submit your application.
